

♥ **Lovelace Salud! Benefit Changes Effective 2/1/11**
Targeted providers: Salud! Providers

Effective February 1, 2011, Lovelace Salud! will change the pharmacy over the counter (OTC) benefits to ONLY cover the following items: Insulin, diabetic test strips, prenatal vitamins, electrolyte replacement system, ophthalmic lubricants, pediculocides and scabicides, sodium chloride for inhalations, topical and vaginal antifungals and topical anti-inflammatories. These changes are due to regulatory benefit changes implemented by the State Medicaid program (Pharmacy Services NMAC 8.324.4.12).

Lovelace will also cover nicotine replacement products as a value added (i.e. enhanced) benefit. **This change will be effective for Lovelace Salud! 2/1/11.**
